Open Learning and Educational Support
University of Guelph

Exhibiting at this year’s conference is a great opportunity for your company to feature its products, services and resources. You will have access to leading researchers, professionals, educators and students who use and recommend your products and services in an engaged atmosphere.

This year our theme focuses on experiential learning (EL). Creative and unique collaborations within institutions make EL opportunities rich and meaningful experiences for our students and partners. As our efforts continue to evolve, a variety of critical questions have emerged on how best to create, deliver, support and sustain EL opportunities. A number of critical questions will be investigated at the conference across six broad theme areas. These areas are:

1. The Student Voice: Exploring the Experiences of Our Students
2. Designing, Teaching and Assessing Experiential Learning
3. Making Partnerships Matter: From Industry to Community
4. Institutional Practices Supporting Experiential Learning
5. Overcoming Barriers and Increasing Access
6. From Policy to Practice: Balancing Political- and Institution-Driven Approaches to Experiential Learning

Attendance at the conference increases each year. Attendance in 2018 was nearly 250 delegates over the two-day conference. Delegates are typically faculty, instructors, staff and students, along with some industry and government participants.

The conference will primarily be held in Rozanski Hall at the University of Guelph. Rozanski Hall is our premier on-campus conference center, which offers state-of-the-art lecture halls and break-out rooms. The large concourse area is conducive to networking and interaction among delegates and sponsors. As a sponsor, you can expect a high degree of interaction in this space.

If you would like more information about the conference and space, or how to customize a sponsorship package, please contact Janet Wolstenholme at jzkwolst@uoguelph.ca.
