The University of Guelph is ranked 2nd for Agricultural Science and 42nd for Plant and Animal Science. #98 in the world for the fields of Environment/Ecology.
A great university is characterized by a great city! With a population of over 121,000, the city of Guelph is recognized for its environmental sustainability, volunteerism and a vibrant arts community, it is considered to be one of the best places to live in Canada, with accessible public transportation, biking routes, walking paths and high income households, and also one of the top 10 places for new Canadians (Money Sense 2016). Guelph is proud to be known as one of Canada’s solid cities and smallest communities. 

An hour west of Toronto, you will find a city characterized by 19th-century limestone buildings, a bustling and cultural downtown core, and a variety of recreational and entertainment opportunities, both indoors and out. With all the amenities of a bigger city, and a small-town feel, Guelph is the city after you a perfect balance of academics and community.

Travel Time by air to Toronto*

- Abu Dhabi: 14.5 hrs
- Amsterdam: 7.5 hrs
- Bogota: 6 hrs
- Beijing: 13.5 hrs
- Bogota: 6 hrs

- Paris: 8 hrs
- Johannesburg: 21 hrs

*Guelph is a one-hour drive from Toronto’s Pearson International Airport. Shuttle service can be arranged to bring you directly to campus. www.redcarservice.com

Field GO Buses connect the University Centre to the Greater Toronto Area and Mississauga hourly throughout the day. During peak days, this route runs between the University of Guelph, GO’s Bissell Park & Ride, Milton Park & Ride, Erin Mills Shopping Square One, GO Bus Terminal, and Costco GDL Station. As well, there are trips that serve York University, Bramalea GO Station, and Meadowvale GO Station. www.gotransit.com

Climate in our four distinct seasons:

- **Spring**: Mid-March-May, 10˚ to 20˚ C (some rain)
- **Summer**: June-August, 20˚ to 30˚ C (humid)
- **Fall**: September-November, 7˚ to 20˚ C
- **Winter**: December to mid-March, -15˚ to 2˚ C (snow, sunny)

"I love a lot of things about Guelph, both the city and the University as a whole. But the major thing that I really like is the sense of togetherness; everybody just loves one another, they help each other, and the kindness and politeness is incredible. I’m not a big fan of huge cities, I prefer smaller cities. And though the city of Guelph is still quite large, it gives you a small-town feeling making it peaceful, a great environment to study, and the students are amazing!"
The University of Guelph offers comfortable accommodations, top-ranking dining options, and all the support you could wish for to help you excel as an international student. You will find your residences friendly and comfortable. We offer a wide range of residential learning environments to support your academic and personal success. You can choose from more than 15 themed housing options such as International House, Eco-House, Arts House, French House, and Academic Clusters for those looking to live with like-minded students. Guelph has one of the largest and best-established residence systems in Canada – with space for over 5,000 students.

**Housing**

**On-Campus Housing**

**The superintendents of the course I worked at in Bermuda is a graduate of this program and encouraged me to apply here, which in itself spoke to the quality of Guelph’s Turfgrass Management program. Having never visited Guelph before becoming a student, I felt a bit nervous when I arrived, but I quickly learned that the small class sizes in this program make it very easy to meet people and make lasting friendships.**
The University of Guelph offers twelve degree programs. Each provides a cross-disciplinary, flexible approach to learning.

The areas of arts, science, business, and engineering host the largest number of international students.

**Arts**

Situated in various locations across campus, you’ll find one of Guelph’s biggest areas of study: the arts. Interdisciplinary and flexible in nature, the arts’ strengths are in its world-class innovative programs, research, and outreach.

**Science**

More than 4,500 students, and 150 faculty call The Summerlee Science Complex home. It is North America’s largest integrated science teaching and research facility. This world-class facility houses state-of-the-art teaching, research, and computer labs, and a 12,000-sq. ft. atrium. As one of Guelph’s biggest programs, you will find hubs of science expertise throughout various locations on campus.

**Business (Commerce)**

Macdonald Hall is home to Guelph’s Business. Built in 1903, it is one of the oldest buildings at the University of Guelph. It has been modernized in 2016 to include multiple student lounges and study rooms, collaborative learning spaces for students to work on group projects, an entire floor dedicated to student clubs, and a state-of-the-art business centre for our award winning courses.

**Engineering**

The School of Engineering’s new expansion has created space for labs, shops, space, design studios, and a unique rooftop area for sustainability research. Its central location supports its leading-edge programs that focus on design, applications, and innovation.

The university campus is situated in the heart of the city. With departments spread out over 1,000 acres, you’ll find plenty of green space, a mixture of old and new architecture, and state-of-the-art facilities, all within less than a 10 minute walk of each other.

International Admission Requirements

If you are applying to the University of Guelph from another country, a minimum grade point average (GPA) of 3.0 on a 4.0 scale is the minimum qualification for admission. You must submit official transcripts and test scores to the Admissions Office. Students who have not completed a post-secondary education certificate or degree and who have attended a high school, college, or university in a country outside of Canada must submit an official transcript from an accredited institution. Students who attended a school in the United States can submit an official transcript from an American College Testing (ACT) service by school.

Transfer credit will be assigned on a maximum of 2.0 credits, subject to the possession of the minimum entry qualifications. Please note that the possession of the minimum entry qualifications does not guarantee admission or preclude the need for applicants to request further documentation or verification of qualifications. The University reserves the right to deny admission to applicants who do not meet the minimum entry qualifications. Please note that the possession of the minimum entry qualifications does not guarantee admission or preclude the need for applicants to request further documentation or verification of qualifications.

Advanced Placement (AP) Applicants: AP with a grade of 3 or better on the following subjects will be accepted:

- English Language and Composition
- English Literature and Composition
- Calculus AB
- Calculus BC
- Computer Science A
- Computer Science AB
- French Language and Literature
- French Langue et Cultures
- German Language and Literature
- German Langue et Cultures
- Italian Language and Literature
- Italian Langue et Cultures
- Latin Language and Literature
- Latin Langue et Cultures
- Physics C: Electricity and Magnetism
- Physics C: Mechanics
- Spanish Language and Literature
- Spanish Langue et Cultures
- United States History

ACT scores will vary by degree with a minimum score of 28, most programs will require a minimum score of 24. SAT 1 and SAT 2 scores, if applicable, will be considered.

Students educated in a language other than English—English-language school system.

Minimum score of 60 in the Reading section and 60 in the Writing and Language section. A minimum total score of 140 for the combined sections is also required. Students who have taken the ACT only will also be considered.

TOEFL:

- Internet-based test (iBT): 89
- Computer-based test (CBT): 213
- Paper-based test (PBT): 550

Pearson Test of English (PTE):

- Minimum overall score of 60

Students whose first language is other than English should refer to our English Proficiency Requirements. Applicants for admission will be required to present evidence of English proficiency, including scores from the TOEFL, IELTS, PTE, SAT sections, SAT II subject tests, and ACT scores. A minimum score of 5.5 overall must be demonstrated on the IELTS or PTE with no score less than 6.0 in the Reading, Writing, Speaking, and Listening sections. A minimum score of 60 on the TOEFL iBT (Internet-based test) is also required. A minimum score of 550 on the PBT (Paper-based test) is required.

Your application to the University of Guelph opens the door to rich, varied experiences within a welcoming, involved community. It’s your first step toward positive life changes and a promising future.

How to Apply

Secondary School Applicants
To be considered for admission, scholarships, and on campus accommodation, please follow the steps listed below.

1. Select the Program of Study and Institution from the list on pages 10 and 11 and check the program specific admission information and required courses.

3. Check to see if your program is offered at the University of Guelph, or if it is an Associate Diploma offered at the Ridgetown campus.

4. Fill in and Submit the appropriate Application Form along with your fee, using the following listed methods for your program and institution of choice.

International Applicants
You may:
- Apply directly to the University of Guelph International Admissions Services using the online form available at admission.uoguelph.ca.

5. Submit your high school/secondary school official transcripts and other required documentation to the institution where your program is offered. See back cover for specific campus addresses. Typically, ‘official’ school documents are those received in the original sealed school envelope, via Parchment/Naviance or from wes.org/ouac.

Application Deadline Dates:

<td>February 17, 2017</td>
</tr>
</tbody>
</table>

Apply to Guelph using the correct format depending on your campus location and status.

Apply by January 15, 2017 for early admission consideration!

It is the applicant’s responsibility to submit all documents before the deadline dates. Some programs may have supplemental forms. Please see admission.uoguelph.ca for details.

Submit English Proficiency test scores following the instructions in Step 5. If required. Detailed information is available on page 12.

You are encouraged to submit the online Student Profile Form admission.uoguelph.ca/spf by the deadline(s) listed in the chart above.

Check your WebAdvisor and your email inbox for documents that are outstanding.

Obtain a Study Permit (Student Visa)
To study in Canada, you should obtain a Study Permit at the nearest Canadian Embassy, High Commission or Consulate. Students are encouraged to contact Canadian Immigration regarding visa procedures at cic.gc.ca for more information. All international students attending the University of Guelph must have a valid Study Permit. Our DLI is O1930350102.
Arboretum, which is a large park on campus filled with trees, is a unique thing is the beautiful scenery, so they are nice to look at when you walk around campus. Another unique thing is the extensive network of trails that allow you to explore the campus. Whether you’re working in one of the research labs, helping in a teaching lab, or working in a service department, we know that part-time work is an important part of subsidizing the cost of your education.

Work-Study Program

Our Work-study program places part-time employment on campus for hundreds of students who have financial need. International students may apply for Work-Study funding in their first year of attendance in order to qualify, you will need to demonstrate financial need.

Study Permit

In order to get a Study Permit, all international students must apply for and secure a co-op work permit following their first year of study. International students have two options to apply for Work-Study funding.

Co-op Work permit

International students must apply for and secure a co-op work permit following their first year of study. Co-op work permits are issued on a case-by-case basis, and are renewable annually.

Part-Time Jobs

As an international student at U of G, you can work part-time on or off campus. More than 4,000 student jobs are available on a competitive basis.

University of Guelph

Entrance Awards

International Scholarships (merit-based award)

$2,000-$5,000

Awarded on a competitive basis to new semester one students for the Fall entry point. Students must have a complete admission file by the final document deadline of March 1 to be considered. No scholarship application is required. Eligible students will be notified through their offer of admission.

International Registrar’s Entrance Awards (need-based visa students)

$1,200-$3,000

Application forms are available at uoguelph.ca/Registrar/studentsfinance/awards/InternationalRegistrar/EntranceAwards/ all details. These scholarships are offered for the Fall entry point only and applications must be submitted no later than March 1 directly to your institutional office.

Canadian High School Scholarships

These scholarships are granted automatically on the basis of the admission average, including required courses.

In-Course Awards

For details on in-course awards please go to the uoguelph.ca/Registrar/studentsfinance/awards/ website. For Guelph-Humber International Student Entrance Awards, see page 23.

Undergraduate Financial Information

uoguelph.ca/Registrar/studentsfinance

One of the best things about being a student at University of Guelph is the opportunities you have to develop connections and meet people from a range of lab skills that allow you to be successful in your career pathways. We have had an amazing amount of help from the university, which is a large park on campus filled with walking trails, forests and a lot of different kinds of trees. I find that so awesome.

My favorite thing about the University of Guelph is the opportunities to develop connections and meet people who have enabled me to have work experience outside of the classroom. As an international student, I am able to apply these skills while working for a company in the labor of my degree. Co-op has enabled me to have work experience outside of the classroom through on-campus and off-campus developed connections and met people who have helped me gain my future.

The Office of Graduate Studies (OGS) invites you to explore a world of academic opportunities at the University of Guelph. With over 90 programs at the Graduate Diploma, Master’s, and Doctoral level, the University of Guelph is committed to providing students with an academic environment that fosters research, innovation, and skill development at the very highest level of the discipline.

A Unique Opportunity
Our internationally renowned research-intensive university offers graduate students a unique opportunity to work with faculty conducting leading-edge research in world-class facilities. Graduate students at the University of Guelph work at the forefront of their disciplines and are empowered to think critically, and encouraged to explore new realms of knowledge, allowing them to acquire the skills they need to succeed as professionals or proceed to advanced studies at the Doctoral level.

Admission Requirements
Master’s and Graduate Diploma Requirements: Applicants are required to have completed a four year undergraduate degree from a recognized post-secondary institution with a minimum B average over the last two years of full-time equivalent study.

Doctoral Requirements: Applicants are usually required to have completed a Bachelor’s and a Master’s degree from a recognized post-secondary institution and must have a minimum B average over the last two years of full-time study. Applicants must also demonstrate strong potential for research and must have achieved a minimum overall B average in a Master’s program.

English Proficiency
If your first language is not English, you are required to submit the results of a standardized English language test. Please see the chart to the right for acceptable tests and required university minimum scores (these scores may require higher test scores, please visit your department website for specific information).

How to Apply
1. Investigate program options on page 19 or online at uoguelph.ca/graduatestudies/programs
2. Meet minimum admission requirements and deadlines
3. Make contact with departmental graduate programs
4. Obtain a Graduate Student ID
5. Apply online at the Graduate Student website before the program deadline
6. Pay the application fee
7. Upload required admission documents on your application checklist via WebAdvisor
8. Obtain a Study Permit (Student Visa)

“Any student medicinal programs on a student may find their departments, collaborative programs and are ideal among those.

To find a Graduate Secretary, please go to uoguelph.ca/graduatestudies/graduatesecretary.

Campus Involvement:
The University of Guelph offers a wide range of extracurricular activities. Facilities and services allow students to explore their interests and engage in a variety of activities, including sports, music, dance, theatre, and clubs. The university also offers cross-cultural programs and foreign exchange opportunities to students who wish to study abroad. In addition, the university provides a variety of resources, such as career services, health and wellness programs, and a student centre, to support student success and well-being.

In the United States, public higher education institutions are known for their high-quality programs, research opportunities, and diverse student populations. Many of these institutions offer graduate and professional programs in a variety of fields, including science, engineering, business, law, and education. These programs are designed to prepare students for careers in their respective fields and often provide opportunities for advanced training and research.

One of the main reasons that I chose the University of Guelph is because of its world-renowned research, and my advisor is one of the top researchers in the Food Science field. The biggest strength about studying here is that it is a medium-sized school, making it well interconnected and giving you the opportunity to collaborate with a variety of departments.”

Why Choose the University of Guelph-Humber?

**Partnership**

The University of Guelph-Humber is a collaboration between the University of Guelph and Humber. Our programs draw from the expertise and knowledge of both institutions. We were the first to offer this innovative approach to post-secondary education. Now, more than 10 years later we continue to stand out from the crowd.

**Degree + Diploma**

You earn an honours degree from the University of Guelph and a diploma from Humber, concurrently in four years of full-time study.

**Focused Academic Programs**

Each program’s combination of knowledge and experience prepares you for anything: start your career, or apply to graduate school or professional programs.

**Close-Knit Community**

With a university population of 4,700 students and an average class size of 49 students, you can easily connect with classmates, professors and staff. You’ll be welcomed and recognized on campus, and supported throughout your studies.

**Industry Connections**

Workplace experience is part of every program and complements your academic study. Workplace hours range from 100-850 hours based on your program of interest. Build confidence, knowledge, skills and expertise in your industry.

**One Location**

Study on Humber’s North Campus in Toronto, Canada’s largest and most diverse city.

Two credentials in four years of full-time study!
Paul Zavaglia, Kinesiology graduate: "My placements gave me great exposure to year students applying directly from want to live on such as co-ed, health. You can choose the type of floor you..."
English Language Programs at the University of Guelph are designed for students who are serious about improving their academic English skills and succeeding at their university studies. We will make your transition to studying and living in Canada a lot easier. Our experienced and knowledgeable instructors and staff members will ensure that you have the chance not only to study English, but to use it extensively in academic and social situations, giving you the confidence to communicate effectively with professors, staff members and students.

**Graduate Preparation Program (GPP)**

ELCP is for students who want to study in graduate programs at the University of Guelph or other Canadian universities. The program has two components, the first component is equivalent to the English Language Certificate. The second component allows you to focus on the specific skills you need to be successful as a graduate student. If you are interested in English skills for students with ELTS 5.5 or higher.

**Business English Program (BEP)**

Our four-week Business English program develops your communication skills and cross-cultural awareness. For more details visit Special@uoguelph.ca/Students/Business-English-Program.asp.

**Level Placement**

We will conduct placement testing at the beginning of every session to ensure that you are studying at the appropriate level. If you already have an IELTS or TOEFL score, include it on your application. We can tell you approximately what level you will be in and how long your studies will take.

**University of Guelph**

**Living in Canada**

If you choose our homestay option, you will have the support of a Canadian family as you begin your studies. You will have the opportunity to practice your English skills while you share meals and conversation, and learn more about Canada and Guelph. Homestay fees cover accommodation and three meals a day. Depending on availability you can also choose to live on campus in one of our student residences.
